## CSCS Construction Skills

# do you work on or visit a construction site?

If the answer is yes you will require a CSCS Card.

Acorn is an accredited CSCS Testing Centre and can deliver Health & Safety training and testing.

Ideally situated just off junction 28 of the M4 we can be easily reached from any location in South Wales.

Further benefits of working with Acorn include:

- testing with only **4 day turnaround**
- up to 6 people can be tested at a time
- free parking is available

Need that little extra help to pass?

A 1 day Health & Safety training course can be arranged to suit your needs.

If you are interested and wish to find out further information please contact our customer service help line on 01633 674 555
