

permanent and temporary recruitment
learning and development solutions

do you work on or visit a manufacturing/engineering site?
do you work in engineering construction?

**If the answer is 'yes' you will require a CCNSG
Safety Passport Card.**

Acorn is accredited to deliver CCNSG Health & Safety
training and testing.

Further benefits of working with Acorn include;

- delivery of programme and testing, on or off-site, to suit your needs
- up to 15 delegates can be trained and tested on the same day
- free parking facilities available at our premises which is ideally situated just off junction 28 of the M4
- delivery of both **national and renewal** courses

If you are interested and wish to find out further information please contact our **customer service helpline** on **01633 674 555**.
